Boys 16 to 20 Who Volunteer Will Get Instruction, Then Join Reserve.

LODGE WARNS ON PACIFIC

Pleads for Fleet, Saying if Trouble Comes It Will Be From There.

dal to THE SEN AND NEW YORK HERALD. WASHINGTON, April 27.-Free naval be provided at any regular training station under a provision that the Senate wrote to-day into the naval appropriathen on an equality with the personnel basis as the army, the naval appropriation corresponding to the voluntary millimatery training written into the army recognization bill last week.

The paces the navy of the earms of other air services.

"My bill places the personnel of other air services.

"My bill places and under officers and under a bureau specifically trained in air matters" the direction of this most impact of the personnel of the pe

There was no discussion when Senator Swanson (Va.) offered the amendment. He asked and obtained \$375,000 appro-priation for the purpose, which he said would train about 5,000 young men. No dissent was recorded after the explanatraining would be required to enlist in the naval reserves.

The Senate went on record also for larger encouragement to naval aviation by increasing from \$15,876,000 to \$25,-600,000 the item for this purpose. Senator King (Utah) profested that it was "As a fact it would be wanton ex- said to-day in an address to the Tulane travagance and not economy to refuse University Old Clothes Club. this increase in the aviation item," retorted Senator Lodge (Mass.), "Hydroairplane and naval aircraft service will the naval establishment. We might as said, well cut off an arm from every soldier Then Senator Lodge, developing his views on another phase of naval policy.

'I believe that we ought by all means to make the Pacific fleet a capable, comtion, including the proper proportion of all elements of naval operations. If there is any trouble ahead of us it is in that quarter.

Senator Calder (N. Y.) offered an amendment, which was adopted, giving six months' pay to the widow or dependents of any naval officer losing his life by injury or disease in the line of duty regardless of whether the fatality occurred during war or peace.

The Emergency Fleet Corporation was authorized to continue operation of the Hog Island shipbuilding plant for the purpose of completing seven aviation and destroyer orders regardless of the general merchant marine policy that ay be adopted governing the island. The Senate naval bill carries \$108. 000,000 for new construction to continue the 1916 three year programme. This is \$4,000,000 more than the House bill

FOUR CHILDREN HAD WHOOPING COUGH"

"Father John's Medicine Brought Them Through It Nicely" Their Mother Writes

"Last August my four children all started with the whooping cough, says
Mrs. D. Vachen, of Somersword, N.
H. "The only thing I gave them was
Father John's Medicine and in four
weeks they were all better. Everybody was surprised to see how quickly they
got rid of it. I am sending a picture of
my oldest boy. He is four years old
now and since I have been giving him Father John's Medicine he is getting fat every day" (Signed) Mrs. D. Vachon, 1 King's Lane, Somersworth, N. H.

N. H.

A cough or cold, particularly in children, should never be neglected. That is why careful mothers keep a bottle of Father John's Medicine in the house all the time and begin giving it to their children promptly whenever they have a cold or cough. They have found also that it is of great value as a bodythat it is of great value as a body-builder because it is all pure, wholesome nourishment and is guaranteed free from alcohol or langerous drugs. TRAINING FOR NAVY BILL PLANS BUREAU TO FOSTER AVIATION One Man Head Is Object of Kahn's Measure.

> Washington, April 27.—Coordination of all the aviation development activities of the Government under one bureau, instead of creating a new Government de-partment as has been suggested many times, was proposed to-day by Repre-sentative Kahn (Cal.), chairman of the Military Affairs Committee, in a bill in-

Mr. Kahn's plan is to make one man in the Government responsible for the development of aviation, but to leave to the army and navy absolute control of the air services which are necessary to

their respective operations,
"The United States, being a self-con-Washington, April 27.—Free naval tained country in so far as all materials training for young men between the ages and men are concerned." said Mr. Kahn. of 16 and 20 who volunteer for it will "Is in a better position to develop an air force than is any other country in the world, and the experience of the per-sonnel contained in our air service in the European war has been sufficient to place tion bill. It places the navy on the same them on an equality with the personnel

matters the direction of this most im-portant development for national defence. It specifies and intends that this air force be developed efficiently and that no more money be appropriated than has at present been given to aviation."

See Why Essex Set a World's Selling Record

Consider Its Unequalled Endurance Records-3037 Miles in 50 Hours-1061 Road Miles in 24 Hours

Essex in its first year set a world's sales record. That shows how men wanted and talked about what it offered.

But of chief importance to you are the qualities which earned this world selling mark.

You know what an uphill fight the car of average ability must make for even limited recognition.

What then was the Essex appeal that swept. aside the natural doubts of buyers?

It was not prestige, born of confidence in its makers. Their identity was not revealed. Essex was required to make its own name stand for the things men seek in a car.

And it won because of its fine performance. riding ease and endurance, qualities hitherto regarded as exclusive to large costly cars. And further, because of its economy and convenience, which were exclusive light car advantages.

Essex Won Thousands Because of This

In beauty of line, in finish and luxurious appointment, Essex also has the advantage of being the product of those who build the world's largest selling fine car.

Cars of the Essex price had not been highly regarded in those particulars. Economy in fuel were their chief appeal. But Essex economy includes also oil, tires and particularly freedom from early depreciation—qualities that come only from finest material and best workmanship.

And these qualities are best shown in the way Essex retains its newness in both performance and appearance. That is another reason for the manner in which everyone endorses the Essex.

Essex sales are but a compliment to its worth.

Essex has revealed performance ability never expected of a light car. It set the official world's long distance endurance mark of 3037 miles in 50 hours. The same stock chassis traveled 5870 miles at better than a mile a minute.

An Essex stock touring car made the world's best 24-hour road record of 1061 miles. Almost everywhere Essex holds local speed, hillclimbing and acceleration records, that all acknowledge.

Greater size could add nothing to Essex. You sacrifice no motoring pleasure, comfort or good looks that large, high-priced cars can

And you gain all the advantages of the lightweight type, more important today than

These Are the Advantages You Want

They cover not alone the cost of operation. They include the satisfaction that comes with its distinction as a fine, beautiful car. And it has a new advantage in handling ease.

The Essex is nimble of action. It is easily driven through crowded traffic, responsive to every call for power and speed. And it is of such a size as to find parking where larger cars cannot be left.

From every worthwhile angle there is little that Essex does not give.

There is all the surety of uninterrupted service and comfort as well as repair freedom. which hitherto were looked upon as exclusive costly car qualities.

Knowing the demand existing for all wanted cars, you will understand the importance of speaking for your Essex now.
